

## Space distribution unit (SDU)

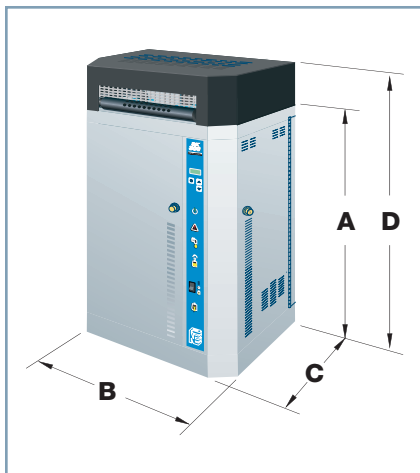

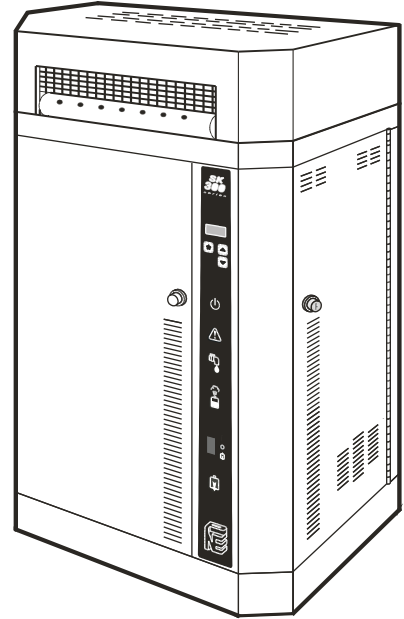

The space distribution unit is an ideal solution to humidify the air where there is no duct system. The SDU can be factory installed on top of the humidifier or ordered for field remote installation.

The SDU is available for the SK300 from 6 to 90 lbs/hr.

The SDU mounted on the SK300 is completely factory assembled, no field wiring between these two components.

### Features:

- Quiet steam distribution
- Powered and controlled by the humidifier
- Air pressure switch included
- Fan will keep running for four minutes after steam production has stopped to prevent condensation on the unit

model	capacity	A	B	C	D	SDU
SK302	6 lbs/hr 2.73 kg/hr	23-1/2" 597mm	18-1/2" 470mm	11-1/2" 292mm	29-1/8" 737mm	SDU-1
SK304	12 lbs/hr 5.5 kg/hr	23-1/2" 597mm	18-1/2" 470mm	11-1/2" 292mm	29-1/8" 737mm	SDU-1
SK306	18 lbs/hr 8 kg/hr	23-1/2" 597mm	18-1/2" 470mm	11-1/2" 292mm	29-1/8" 737mm	SDU-1
SK310	30 lbs/hr 14 kg/hr	28-1/2" 724mm	21" 533mm	12-1/2" 318mm	35-1/8" 890mm	SDU-2
SK314	40 lbs/hr 19 kg/hr	28-1/2" 724mm	21" 533mm	12-1/2" 318mm	35-1/8" 890mm	SDU-2
SK320	60 lbs/hr 28 kg/hr	28-1/2" 724mm	21" 533mm	12-1/2" 318mm	41-3/8" 1048mm	SDU-3
SK330	90 lbs/hr 41 kg/hr	28-1/2" 724mm	21" 533mm	12-1/2" 318mm	41-3/8" 1048mm	SDU-3

SK300 SDU (space distribution unit) available on models SK302 to SK330
