Neptronic is back from Delta Controls Global Conference 2023 in California!

Montreal, Canada | May 11th, 2023 - We had the chance to participate in this amazing show hosted by Delta Controls Inc at the Terranea Resort in Southern California. Looking back to this event, we can definitely say that it was a success. Throughout the weekend, we had the opportunity to showcase a variety of controls we manufacture with demonstration panels, which was appreciated by everyone. This allows us to show what words can't.

This was our first participation and surely not the last one.

See you next year!

About Neptronic

Neptronic's equipment is the first choice for air conditioning manufacturers and designers due to our experience in the manufacturing of humidification equipment, our practical redesigns in maintenance, precision in operation and low energy consumption, all thanks to our new patented designs.

Our dedicated team of over 300 experts designs and manufactures all our products in Montreal, Canada, where our 9,000 m² (97,000 sq.ft.) facility stands proudly. Our exclusive distribution network provides comprehensive solutions to our customers around the world.
