Neptronic Welcomes ThermAir Systems— New Exclusive Agent in Arizona

Montreal, Canada | March 3, 2017 – Neptronic proudly welcomes ThermAir Systems, our new exclusive agent in Arizona. We are excited about this new partnership and look forward to working together to better serve our customers in Arizona.

ThermAir has been serving the HVAC industry since 1999 and has extensive knowledge and expertise. With their two locations in Arizona, ThermAir offers excellent customer service statewide. They also offer monthly seminars to the Metro Phoenix Contractors Engineering community.

About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft² (7,500 m²) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide
