## Neptronic at ASHRAE Montreal's Dinner-Conference

**Montreal, Canada | March 20, 2018** – Our Montreal representative, The Jess Company Ltd. exhibited at the March ASHRAE Montreal Dinner-Conference on March 12 at the Club St-James. They brought working demos of Neptronic's new generation of humidifiers: electric (SKE4), gas fired (SKG4) and steam-to-steam (SKS4).

This new generation of humidifiers brings new standards to the market in terms of energy efficiency, ease of maintenance and control functionalities.

Neptronic would like to thank everyone who came to see us and we hope you enjoyed the event.

For more information on Neptronic humidifiers, visit the humidifiers section of our [website](#).

## About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft<sup>2</sup> (7,500 m<sup>2</sup>) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 70% of its sales through an exclusive distribution network for the HVAC industry worldwide.
