Nouveau distributeur exclusif des produits Neptronic

BTU company, inc.

Montréal, Canada | 31 juillet 2018 – Neptronic est heureux d'annoncer que BTU Company, Inc. est maintenant notre agent pour la ville de Chicago et les régions environnantes. Ils offriront la gamme d'humidificateurs et les serpentins électriques Neptronic.

Incorporée en 1976, BTU Company possède de nombreuses années d'expérience dans l'approvisionnement de solutions de conception correspondant à l'équipement de qualité qui répond le mieux aux besoins de chaque projet. BTU Company travaille avec des ingénieurs professionnels, des architectes et des entrepreneurs en construction pour fournir les meilleures solutions pour le contrôle de l'environnement.

About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft² (7,500 m²) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide
