Neptronic Welcomes New Agent in Nova Scotia and Prince Edward Island

Montreal, Canada | February 16th, 2023 - Neptronic is pleased to announce the appointment of a new agent to our distribution network. ITC Technologies Maritimes will be representing Neptronic in Nova Scotia and Prince Edward Island.

ITC Technologies Group has been supplying HVAC equipment for over 45 years and offers a wide range of HVAC solutions to their customers in Quebec and the Maritime provinces.

ITC Maritimes differentiates themselves from the competition by being a source of expertise on leading HVAC technologies. ITC works to service their clients' varying needs from design considerations, product selection, installation and commissioning. ITC Maritimes has built a reputation in to be the first-choice solutions provider for HVAC Equipment.

"The vision for ITC Maritimes is to use our experience and knowledge to build lasting relationships and empower partnerships with clients based on trust, integrity, and responsiveness" – Dan Richer

About Neptronic

Neptronic's equipment is the first choice for air conditioning manufacturers and designers due to our experience in the manufacturing of humidification equipment, our practical redesigns in maintenance, precision in operation and low energy consumption, all thanks to our new patented designs.

Our dedicated team of over 300 experts designs and manufactures all our products in Montreal, Canada, where our 9,000 m² (97,000 sq.ft.) facility stands proudly. Our exclusive distribution network provides comprehensive solutions to our customers around the world.
