## **Neptronic is back from the AHR 2023 show in Atlanta!**

**Montreal, Canada | May 11<sup>th</sup>, 2023** - Last April 27<sup>th</sup> – 28<sup>th</sup>, we were thrilled to participate at Cochrane Supply's ControlsCon event in Detroit. The two days were a rewarding experience! We had the opportunity to attend a Smart Building Controls Conference and the Master Systems Integrator (MSI) conference. All the key BMS and SI community were present at this exhibition, where we introduced our new Cloud Management System for HVAC commercial applications. The interest in our new Cloud Management System was beyond expectation!

We can say it was a successful and rewarding event for us.

## **Why Neptronic?**

Neptronic's equipment is the first choice for air conditioning manufacturers and designers due to our experience in the manufacturing of humidification equipment, our practical redesigns in maintenance, precision in operation and low energy consumption, all thanks to our new patented designs.

Our dedicated team of over 300 experts designs and manufactures all our products in Montreal, Canada, where our 9,000 m<sup>2</sup> (97,000 sq.ft.) facility stands proudly. Our exclusive distribution network provides comprehensive solutions to our customers around the world.
