Neptronic at the 2024 Tridium Niagara Summit

Montreal, Canada | February 1st, 2024 - Neptronic is thrilled to announce its participation and showcase latest products at the upcoming Niagara Summit 2024. This prestigious event is set to showcase the latest advancements in technology, with a focus on “device-to-enterprise applications and automation infrastructure”.

Scheduled to take place from April 15 to 17, 2024, in the vibrant city of Anaheim, CA, the Niagara Summit is a highly anticipated gathering that will bring together a diverse array of professionals, including developers, programmers, building engineers, and executives.

The summit's agenda is packed with insightful sessions offering attendees a unique opportunity to gain valuable knowledge from industry experts.

Neptronic looks forward to engaging with industry peers, sharing its expertise, and contributing to the collective journey towards a smarter, more sustainable future.

For those attending the Niagara Summit, make sure to visit Neptronic's **booth #407** to experience firsthand the latest HVAC products and solutions.

Why Neptronic?

At Neptronic, we pride ourselves in our ability to adapt to diverse applications. We have been at the heart of humidification innovation since 1976 to help enhance process efficiency and end-result quality by generating the ideal ambient conditions for our customers' needs.

Committed to research and development, we constantly aim to improve reliability and precision of our products. Our dedicated team of over 300 experts works in Montreal, Canada to create the ideal solutions for your applications.
