Neptronic at CMPX, Toronto 2018

Montreal, Canada | March 15, 2018

Neptronic is delighted to be participating in the CMPX 2018 Expo in Toronto, Canada from March 21st to the 23rd.

We will be exhibiting alongside one of our valued agents, **Canyon Air**, and we are excited to be showcasing our range of products in Humidifiers, Electric Heaters, Actuators/Valves, Zoning and Controls. Stop by and visit us at **Booth #2414** and see our latest developments.

The Canadian Mechanical & Plumbing Exhibition is a respected source of products, information, equipment and applications for industry professionals. No show in Canada compares with CMPX - over 500 exhibitors representing all the products, innovations, applications and information that define the mechanicals industry today.

About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft² (7,500 m²) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide
