Neptronic at The Big 5 in 2018 - Dubai

Montreal, Canada | October 31, 2018 – Neptronic is excited to be participating in this year's Big 5 Expo in Dubai, from November 26th to the 29th.

We will be showcasing the latest developments in our controls series, our most recent addition to the humidifier family, the SKE4, as well as highlights from our actuators, valves and electric heaters series.

Stop by and see us at Booth #Z4 C113.

About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft² (7,500 m²) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide
