Neptronic Welcomes Haften – New Exclusive Agent in Mexico

Montreal, Canada | February 18, 2019 – Neptronic is proud to announce that Haften has officially joined Neptronic's global distribution network, as an exclusive agent in the northern states of Mexico.

Haften[®] | **Periféricos HVAC – BMS**
Medición y ahorro de energía
Humidificadores

Founded in 1999, Haften is a company which focuses on the HVAC-BAS market in Mexico, Central America and the Caribbean. Haften is dedicated to the selection, specification, consultancy and distribution of humidifiers, control valves, damper actuators, VAV and FCU controllers, thermostats and accessories for the HVAC/R industry, for use with Building Automation Systems and for general purpose applications.

“Our expertise and commercial relationship with brands of high quality helps us offer to our customers an excellent service at competitive prices,” said Jorge Sosa, Applications Manager, HVAC-BAS at Haften. *“We are proud to represent Neptronic in Mexico, as it is a reliable brand, with high quality products and strong technical support.”*

About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft² (7,500 m²) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide
