## New Agent in Minnesota

**Montreal, Canada | July 18<sup>th</sup>, 2019** – Neptronic is glad to announce that TMS Johnson has officially joined Neptronic's global distribution network, as an agent in the Minnesota area.

TMS Johnson is a quality HVAC service distributor in the Minnesota and Western Wisconsin area. For over 50 years, they have contributed their esteemed expertise in the fields of air distribution, applied mechanical products and control products. TMS Johnson's customer centric philosophy is the core of their business with an aim to provide the best support to their customers' needs.

### About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft<sup>2</sup> (7,500 m<sup>2</sup>) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide.
