Neptronic at the AHR Expo 2020 Show in Orlando

AHREXPO®

Montreal, Canada | August 2nd, 2019 – Neptronic is delighted to be participating in the prestigious AHR expo in Orlando, from February 3rd to 5th, 2020.

We will be showcasing our latest innovations, as well as highlights, from our humidifier, control, actuator, valve and electric heater series.

“The AHR Expo does not fail to gather interested HVACR professionals and allow them to showcase the future of HVAC all in one place. Neptronic is very happy to be exhibiting at the show for the 39th year.”

- Luis Melgares, VP Sales & Marketing

About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft² (7,500 m²) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide
