Neptronic Welcomes New Agent in Nebraska

Montreal, Canada | November 11th, 2021 – Neptronic is pleased to announce the addition of a new agent to our distribution network. Force Equipment is now our new local representative in Nebraska.

Founded in 2016, Force Equipment provides customized HVAC, plumbing, compressed air and dust collection equipment to their customers. In addition to personalized solutions, they also offer servicing of various equipment to ensure the best possible customer experience. We are happy to be joining forces with them. Force Equipment principal Chris Estudillo says:

“Force Equipment is excited to join the Neptronic team. We feel that these new lines of products, particularly the humidifiers, will give us the opportunity to sell a larger amount of other varied equipment. We see it as a great line that can stand on its own, but also complements the other products we represent. This will bring synergy that will allow to the whole team to increase its sales.”

About Neptronic

Neptronic equipment is the first choice for air conditioning manufacturers and designers due to its experience in the manufacturing of humidification equipment with its most practical redesigns in maintenance, precision in operation and low energy consumption thanks to its new patented designs

Our dedicated team of over 300 experts designs and manufactures all our products in Montreal, Canada, where our 9,000 m² (97,000 sq.ft.) facility stands proudly. Our exclusive distribution network provides comprehensive solutions to our customers around the world.
