Neptronic Welcomes New Agent in Upstate New York

Montreal, Canada | May 16th, 2022 - Neptronic is excited to announce the addition of a new distributor to our growing network of agents. Our company will be represented by Guckian Energy Systems in New York, more specifically, in the areas of Rochester, Syracuse, and Buffalo.

Guckian Energy Systems LLC (GES) has been committed to providing quality products and unsurpassed customer service for over 35 years. We are a dedicated professional sales force and we believe in the continuous improvement of our people, products, and service. As a manufacturers' representative, we offer dependable, energy-efficient, and sustainable system solutions through proven manufacturers that complement one another.

Having the right tools to get the job done is what we had in mind when we built the GES team. GES has three offices to service the Western NY area in Rochester, Buffalo, and Syracuse. With a resident registered professional engineer on staff, GES is dedicated to being able to combine our inhouse expertise with proven industry experience needed to meet and exceed our clients' expectations on their projects timelines. With an A++ service team, GES has your project covered from start to finish.

Guckian Energy Systems looks forward to the new partnership with Neptronic. Working with another company that prides themselves on quality, innovation, and rockstar customer support is what makes this partnership work so well.

"To give real service you must add something which cannot be bought or measured with money, and that is sincerity and integrity." – Donald
