Neptronic at Jess Seminars

Montreal, QC, May 19, 2015 – JESS, our Montreal representative, just hosted two seminars where Neptronic products were exhibited. The seminars were conducted from March 31st to April 1st and gathered over 70 members of the HVAC industry.

Both events were a great success and we want to thank everyone who participated!

About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft² (7,500 m²) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 70% of its sales through an exclusive distribution network for the HVAC industry worldwide.

For more information visit the Neptronic website at neptronic.com.
